

ALCOHOL...VIOLENCE...SUICIDE...

Alcohol...Violence...Suicide...

PROJECT A.C.E.

Action. Commitment. Education.

Get involved in **your** community...

KEYNOTE SPEAKER
Mayor Dennis Johnson

First Lady Mikey Hoeven

Project ACE is a collaborative effort including citizens, businesses and other organizations in southwestern North Dakota. This group is working together to promote **Action** for positive choices, foster **Commitment** from within communities, and provide **Education** on at-risk behaviors.

Accept the challenge and become knowledgeable about what is really happening in our community. No gossip, no rumor, just facts. Did you know that North Dakota leads the nation in alcohol use? This full day conference will introduce you to local families and their struggles with drugs and alcohol. Professionals will fill you in on current trends, answer your questions, and give you some clues on how a community, working together, can make a difference.

Positive changes for Healthy Choices!

Thursday, June 11, 2009
